Thanks, Rebecca!

Sounds as though you congressionals as well as the governor's office covered.

I'll take care of the state elected officials, and Mike and I will cover the locals. I haven't been on the site long enough to have developed many relationships, so it will be good for me to start reaching out to some of these folks.

I'll let you know as soon as we get close to having a signed document.

Cynthia

Sounds good Cynthia. Thanks for the update.

It is absolutely fine (and preferable actually) for Mike to reach out to the Congressionals with whom he has an established relationship. They may get duplicate information, but I think that's fine too.

If you'd like, I can notify state and local contacts also. For other Superfund sites, the CIC has done that because they have the relationships and contact lists. If you'd prefer, I am happy to do that as well. Just send me any contact lists that you might have; otherwise, I can try to build one.

I do always include the governor contact in anything I send to Congressionals, but you may have other contacts? Just let me know.

Thanks,
Rebecca

Hi, Rebecca.

We are currently aiming to have the CFAC AOC signed and final on Monday, Nov. 30. We are incorporating the final few edits into the press release and will have it ready by then.

In addition to your email, Mike is planning to reach out to some of the congressional folks with whom he has developed relationships. Are you OK with that?

Also, I'm not sure where you stand with intergovernmental affairs at this point. Will you notify the governor's office and state elected officials? If not, I will follow up on those.

I'm putting the final touches on the COMSTRAT for the AOC and I'll send it to you later today.

Thanks!
Cynthia
